

EasyFind™

Bubble-up leak detector

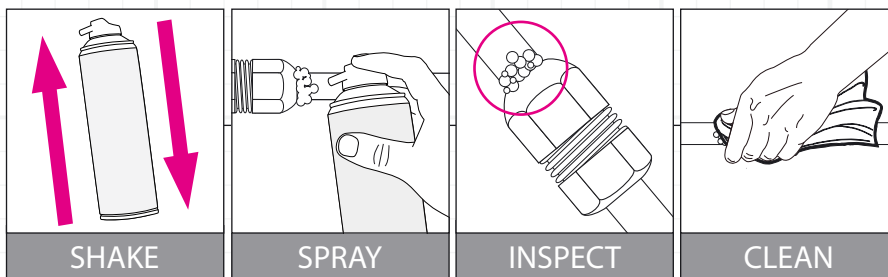

EasyFind™ is a bubble-up leak detector specifically designed to locate refrigerant leaks. Standard bubble-up leak detectors, designed for use with natural gas, are unsuitable: their lower viscosity means they will not cling to surfaces as effectively and can easily be blown off the pipework before the refrigerant leak is identified.

Specification

Name	EasyFind
Product Code	EYFD1201
Packing Quantity	12 x 400ml
Packing Size (L x H x D) cm	21 x 25 x 27
Shipping Weight (Kg)	7.7
Shipping Volume (m3)	0.0145
Application	Bubble-up leak detector
Soils	N/A
Dilution (water:product)	NO
Contact Period	As required
Rinse/Flush Required	NO
Special Features	Works on all types of refrigerant and compressed air

Directions for use

Shake can well before use. Spray onto suspect joints or components to achieve an even coating. Large leaks bubble up immediately; slow, small leaks bubble up within a few seconds or minutes. When leak detection has been completed, wipe inspected areas with a damp cloth.

**EasyFind™
UN1950**

S1/2: Keep locked up and out of the reach of children.
S23: Do not breathe spray. S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).

Consult Safety Data Sheet for full safety information. Always wear suitable PPE.
