

Guardian®

Antimicrobial coil defence

Guardian® is an advanced coil coating, designed to protect air conditioning systems vulnerable to mould and bacteria. It has been formulated to inhibit the growth of bacteria and fungus, ensuring the equipment stays clean and fresh between cleans. Guardian works by slowing the microbial action that can often lead to sickness, smells and mould - and it will do this for up to six months.

Specification

Name	Guardian
Product Code	010225
Packing Quantity	8 x 500ml
Packing Size (L x H x D) cm	27 x 29 x 16
Shipping Weight (Kg)	4.85
Shipping Volume (m ³)	0.0125
Application	Antibacterial coil coating
Soils	N/A
Dilution (water:product)	NO
Contact Period	20-30 mins to dry. Coating lasts up to 6 months.
Rinse/Flush Required	NO
Special Features	Stops odours Stops mould

Directions for use

SHAKE	SPRAY	20 MINUTES	NON RINSE

Shake well before use to ensure that the active ingredients have mixed thoroughly. Do not dilute. Before applying Guardian, ensure that the coil, casework and condensate tray are dry. Spray thoroughly into the evaporator coil and onto all surfaces which you would like to protect. Allow all surfaces to dry before re-starting the system; usually about 20-30 minutes, depending on the ambient conditions.

	Guardian® Harmful
	Contains Biocide
<p>R43: May cause sensitisation by skin contact. R68: Possible risk of irreversible effects. S1/2: Keep locked up and out of the reach of children. S24/25: Avoid contact with skin and eyes. S36/37: Wear suitable protective clothing and gloves. S38: In case of insufficient ventilation, wear suitable respiratory equipment. S23: Do not breathe spray. S45: In case of accident or if you feel unwell, seek medical advice immediately (show the label where possible).</p>	

Consult Safety Data Sheet for full safety information. Always wear suitable PPE.

Use biocides safely. Always read the label and product information before use.

This product should only be used by trained operatives. The "directions for use" are recommendations only; correct use will depend upon circumstances. To the extent permitted, no liability can be accepted for loss resulting from its use. Advanced Engineering follows a policy of continual product improvement. For this reason, some materials and specifications could change without notice.
